

25.08. Pavilion

	approx. 240 x 210 x 300 cm (L, B, H)
	possible fallarea of 150 cm

Our Pavilion is a particularly nice place to unwind. In a natural, rustic design, there are three comfortable benches to choose from. The pavilion's hexagonal tented roof provides protection from rain and sunshine. It is particularly suited to gardens and parks, but is also popular at day-care centres and school playgrounds.
