

9.6.03. Hexagonal Tower 150

	from approx. 3 years of age on
	approx. 540 x 430 x 380 cm (L, W, H)
	approx. 8,9 x 7,3 m (L, W)
	150 cm

The Hexagonal Tower has all manner of ways to climb up and down. Kids get to the top of the tower via the climbing wall or walkable ascent with rope handrail. They can get back down again either by using the stainless steel slide, the two wavy sliding poles or the single sliding pole. Inside the tower, the two benches offer plenty of room for a break between games.
