

50.25.04. Gletschergoass

	approx. 130 cm (H)
---	--------------------

Our “Gletschergoass” figure was inspired by a mythical figure. With its delightful design, it makes a great playmate and can be wonderfully integrated into imaginative role-playing games. At Ziegler, our wooden figures creatively breathe life into fairy-tale characters – let us bring your individual idea to life too!
