	approx. 130 x 30 x 250 cm (L, B, H)
	possible fallarea of 150 cm

Totem poles were of considerable symbolic significance for Indians, and as such they belong on any Indian-themed playground. The artistic, creative designs of our three totem pole variations – the “Eagle”, the “Owl” and the “Indian” – include fine carvings. We would also be happy to design characters based on your own ideas.
